

Go to this link: [https://github.com/Giacomix02/Re\\_Discover/releases](https://github.com/Giacomix02/Re_Discover/releases)

Click on Assets

Click on “Re\_Discover.apk”, the download must start in seconds

After the download go to the Download folder and click the file

Follow the instructions prompted by your device.

If needed you must give the permission to install “External app”, but don’t worry, it’s all a guided process

After the installation search and click the app
